

JROTC Awards for State

Three-Position Air Rifle Championships

The Civilian Marksmanship Program, in coordination with USA Shooting will provide special awards for the top JROTC shooters in each State Qualifying Competition for the National Junior Olympic Three-Position Air Rifle Championship. The CMP JROTC special awards program is part of a cooperative agreement between the military cadet commands and the CMP to promote marksmanship activities and competitions among JROTC cadets.

To be eligible for the JROTC awards, competitors must be members of a JROTC unit in their high schools. Teams must represent a high school JROTC unit while competing in the qualifying competition. If the state qualifying competition includes more than one site or competition, the CMP State JROTC awards should be awarded on the basis of the combined results list for all qualifying competitions in that state.

Medals	Requirements Sporter	Requirements Precision	Trophies	Requirements Sporter	Requirements Precision
